Footnote

All figures are collected from annual Digest since 1981.

According to Annual Digest, upon the implementation of the Harmonisation of Pre-primary Services on 1 September 2005, the definition of child care centres has been re-defined as service for children aged 0 to 3. All day nurseries (serving children aged 2 to 6) and day nursery-cum-day crèches (serving children 0 to 6) have been converted into kindergarten-cum-child care centres under the monitoring of the Education and Manpower Bureau. Meanwhile, the provision of child care centres, special child care centres and residential child care centres remain under the monitoring of the Social Welfare Department. Thus, from 2006 onwards, figures of this indicator are calculated by summing up
