操作定義

Non-attendance rates refer to children aged 6 to 15 who leave school education without completing Secondary 3 (excluding those leaving Hong Kong). Non-attendance rate is calculated by the following formula: No. of cases/Total no. of P1-S3 students x 100%. The original source of the data is Placement and Support Section, Education Bureau.

備註

Figures are collected from the Education Bureau.
Figures refer to academic year, e.g., figure for 2017/18 is used for 2017.
